Design of the College

THE Emerson College of Oratory, established in 1880, is the largest institution of its kind in the world. It is primarily a school for personal culture. It seeks to awaken in the student of expression, whether he aims to be a creative thinker or an interpreter, a realization of his own potentialities, and to give such direction to his training that he may attain them. While conserving the best traditions of the past, the college stands for thorough investigation, the most advanced educational methods, and the highest professional standards and ideals.

The work that Emerson College has done and is doing is unique. While it is called a College of Oratory, and while it emphasizes the teaching of the spoken word by careful scientific training in public speaking, it is also a school of *belles-lettres*, a school of physical training, and a school of pedagogy. It trains speakers and platform artists; it sends forth annually a large number of teachers to colleges and to normal and secondary schools in all parts of the United States and Canada.

The personal and literary culture afforded by the curriculum are of highest value, not only to those who have a professional end in view, but to men and women who do not intend to make oratory a specialty. It is self-evident that a strong personality, a cultured and noble manhood, is infinitely superior to any tricks of voice or gesture. When a man loves the truth and lives it, and can present it effectively to others, he has received the best possible preparation for the work of life as well as for the work of oratory. "The greatest thing in oratory is the orator."

Location

THE college is located at Huntington Chambers, one of the handsomest and best appointed of Boston's new buildings. Situated on Huntington avenue, near Copley square, it is easily accessible from all railroads leading into the city, and cars to all points pass close to its doors. Within a few minutes' walk of the Fens, the new Museum of Fine Arts, the new Opera House, the new Symphony Hall and the beautiful new hall of the Horticultural Society, and situated almost directly across the street from the Public Library, the college home is in the artistic and literary centre of Boston.

THE Emerson College has an excellent reference library. The books are carefully selected with a view to the needs of the students and the specialized work pursued. Students have access, free of charge, to the Boston Public Library, containing over 800,000 volumes. The Boston Art Museum is free to students. This contains a large number of rare and beautiful works of art by the great masters of sculpture and painting, and has a department of archæology and antiquities which has but few equals. The earnest student will find a liberal education in the literary, historic, and artistic advantages offered by Boston and vicinity, aside from the special benefit to be derived from a course pursued in any of its schools.

Requirements for Admission

APPLICANTS for admission to the college are required to present two or more testimonials of good moral character from persons of recognized standing. Applicants for the Professional and Teachers' Diploma must have had a high-school course or its equivalent. They must present certificates of scholarship and standing from the schools most recently attended. In cases where the certificate is not presented, or is not conclusive evidence that the candidate has attained the standard prescribed, an entrance examination will be required.

Should the applicant be unable to present the required certificate or to pass a satisfactory examination, he may, nevertheless, at the discretion of the officers of the college, be admitted to the regular classes as a probationary student, on the condition that his deficiencies be made up by extra study. Under no circumstances, however, will a student whose entrance requirements have not been made up be permitted to receive a Professional and Teachers' Diploma.

Deficiencies in preparatory work may be made up under skilled instructors at reasonable rates, while the student is pursuing the regular courses of the college.

Advanced Standing

Graduates of colleges of the first rank may be given credit for work previously accomplished, and thus be able to complete the course in two years.

Graduates of other schools of expression, and students who have pursued advanced courses in oratory and elocution, may also apply for advanced standing. In every instance the applicant is required to present credentials covering the work for which credit is asked, and may be required to submit to an examination before a committee of the Faculty.

Every applicant for a diploma must complete at least two full years of work as a resident student of Emerson College.

Requirements for Graduation

Special Students

Applicants who, instead of taking the regular prescribed course for graduation, desire to pursue elective studies as "special students" will be required to give evidence satisfactory to the Faculty that they are qualified to sustain themselves in the classes which they desire to enter, and that they have attained a grade of scholarship equal to the average standing of the regular students in those classes. No diploma or certificate will be given to any student who has not completed the required amount of work prescribed by the college. Special students are under the charge of a committee of the Faculty, and are subject to all the regulations of the college.

Time Required to Complete Courses

While students entering with "credits" may, as stated, be accorded "advanced standing" and thus enabled to complete the work in a shorter time, regular students entering without such "credits" will complete the course in four years. In case of special proficiency, close application and the maintenance of a sufficiently high average grade in studies, the course may be completed and the Professional and Teachers' Diploma (hitherto ranking as a post-graduate diploma) be attained in three years. Students who have not completed high school requirements but who desire to secure a Professional and Teachers' Diploma, may enter with less preparation, regard the first year partly as a Sub-Freshman year, and thus have the advantage of longer time both for development of expressional power and for the completion of high school requirements. Students unable to give the time or to meet the requirements of the complete course, may nevertheless be candidates for a Certificate.

Certificates and Diplomas

Students who have completed three years of required work, including a minimum of two thousand periods, and have passed a satisfactory examination, will upon application receive a Certificate. Completion of a high-school course or its equivalent, will not be insisted upon as a prerequisite for the attainment of this Certificate.

Students who have completed a high school course, or its equivalent, and who have also completed the full course, embracing the studies of the seven groups, including a minimum of twenty-five hundred hours, and have passed satisfactory examinations will receive the Professional and Teachers' Diploma.

Graduates of colleges of first rank may receive the diploma in two years.

Regulations

A DEFINITE educational purpose on the part of all students is assumed. The college traditions stand for moral responsibility and earnest co-operation. The regulations are few and fundamental. No student will be received who fails to submit satisfactory letters certifying to his moral character. Any student who neglects the work of his class, or shows that he has no proper appreciation of his opportunities, or whose presence and influence are harmful to the institution, may be excluded at any time from the work of the college. In case of required withdrawal, no money will be refunded.

Both regular and special students are under charge of a Committee of the Faculty. Each student is under the particular supervision of a member of this committee, who acts as his adviser. All students while pursuing courses at the institution are required to comply with such fundamental rules for their government as may be prescribed by the Officers of Supervision.

Every Freshman and special student, upon entering, is required to matriculate and submit his choice of studies to his Adviser, under whose general supervision his work is to be carried on.

After registration, which is required of all students at the beginning of each scholastic year, each student must submit his registration slip to the Treasurer and pay his tuition, or give satisfactory security for the payment of his term dues. He will then receive a card admitting him to a given course. Students will not receive instruction until they have secured these cards. Tuition paid for instruction, which a student,

because of illness, has not received, will stand to the credit of said student until he is able to return and re-enter the classes. No money will be refunded except in cases of twelve months' illness.

Conferences between the Dean and representatives chosen by the several classes will be arranged each term, in order that matters of interest to the classes may be brought formally or informally before the officers of the college for consideration, and the heartiest co-operation secured between the student body and the Faculty.

General examinations of all pupils are held at the end of each half-year by members of the Faculty in each department. A careful record of the progress of each pupil is kept, and, together with the examinations, determines the standing of the pupil for promotion or graduation.

Presence at morning chapel exercises is required of all students in the regular course.

Students are required to be prompt and regular in their attendance upon all classes in the courses upon which they have entered. Absence from class must be satisfactorily explained to the teacher in charge. A record of attendance will be kept, and lost lessons must be made up. It is hoped that parents and guardians will concur with the Faculty in their opinion of the inexpediency of granting leave of absence except for extraordinary reasons.

All matters of college business must be arranged at the office and not with teachers.

No regular students are permitted to take work in or visit classes in advance of those in which they are graded.

Students who desire medical advice should apply at the office where they will be directed to reliable doctors for consultation.

Patrons and friends of the school are cordially welcomed. They must register at the office, however, before being admitted into the classes. Students are not permitted to take visitors into classes and recitations, but are required in all cases to introduce them at the office, whence they will be conducted to classes, and be shown every courtesy.

From the courses of each year each applicant for the Professional and Teachers' Diploma will elect twenty periods of work each week. None of these courses will be given unless elected by five or more students.

Read carefully Requirements for Admission and Requirements for Graduation, pages 12-13. The regular work of the College leading to the Professional and Teachers' Diploma demands of each student a minimum of at least twenty-five hundred hours of class work.

A course of fifty private and individual lessons is given to each candidate for the Professional and Teachers' Diploma who is during four years a resident student.

The Curriculum

THE methods of instruction of Emerson College differ fundamentally from those usually employed in teaching oratory. While many methods work for simulation of power, this method develops real power by cultivating those qualities of mind and heart which lie behind all expression, and which spontaneously create its requisite artistic forms.

I. ORATORY
Public Speaking; Argumentation; Debate.

II. VOICE TRAINING
Voice Technique; Tone Expression; Vocal Physiology; Acoustics.

The development of the dramatic element and its place in education, together with its relation to character-building, are discussed, and plays are studied in their twofold relation as dramatic art and as literature. Pupils are not only given practical stage training, but, as prospective teachers, are taught how to produce and stage plays and entertainments of all kinds. The annual public presentation of plays provides special training and further advantages.

Post Graduate Department

GRADUATES of Emerson College of Oratory are offered a complete graduate course, in which emphasis is laid on observation, research work, conference, normal instruction and dramatic training under the heads of the several departments, as well as option in pursuing such undergraduate courses as the individual members have not elected in work leading to a Diploma of Graduation.

While graduates of the college will recognize the opportunities for intensive and personal work afforded by this department, and teachers who have been some years in the class-room will appreciate the privilege of becoming familiar with the most recent principles and methods of the Emerson College, they will not fail to note, also, that the entire group of fourth-year studies and the Professional and Teachers' Diploma represent what at the time of their own graduation was the Post Graduate Course. Those who hold the Diploma of Graduation, and who enter hereafter upon the work of the Post Graduate Department, will complete a course of more than twenty hours per week, not heretofore included at all in the undergraduate courses. At its completion they may apply for the Professional and Teachers' Diploma.

The Post Graduate Department aims also to serve the needs of graduates of universities and academic colleges as well as of those who have taken the complete course at Emerson College. Many college graduates desire to add expressional and interpretative work to their previous training, either for cultural reasons, or to better fit themselves as teachers of English. Courses of study will be planned for them according to their needs and the time that they have to devote to such work.

The Saturday Course

IN ADDITION to the regular work upon Saturdays, special classes are arranged for those who cannot attend the college on other days. The course includes training for the voice and body, the principles of reading and delivery, and methods of teaching. Work is given for clergymen, lawyers, teachers and students of other schools. There is also a special Children's class on Saturday afternoons.

Evening Classes

Evening classes in Vocal and Physical Training, Reading, Oratory, Extemporaneous Speaking and Shakespeare, will be organized November 1, and continued for twenty weeks. Courses will be progressive, and credit for work accomplished will be given members who enter the regular college course.

This course is designed to meet the needs of business men, lawyers, teachers and others who cannot attend the day sessions.

Summer Sessions

1915

NORDHOFF, CALIF.
SIX WEEKS
BEGINNING JUNE 24

BOSTON
FOUR WEEKS
BEGINNING JULY 5

KNOXVILLE, TENN.
SIX WEEKS
BEGINNING JUNE 22

PRESIDENT SOUTHWICK, MR. TRIPP, MRS. SOUTHWICK, MISS SMITH, MRS. CHURCH AND ASSISTANTS

THE object of the summer sessions is to give an opportunity to professors, students, and teachers in public schools to become familiar with

the principles of voice culture, gesture, and analysis as taught in this college. It affords teachers of elocution an opportunity for the discussion of subjects of interest to them, while ministers and all professional students gain much in knowledge of the powerful and effective use of the voice.

Credit for work done in the summer sessions will be allowed to students who enter the regular courses of the college.

Advanced classes will be organized, and studies so arranged that those who attend during successive summers may follow progressive courses and enter upon new work from year to year.

The Boston Session will be held in the beautiful new home of the college in Huntington Chambers. Boston is a Mecca for summer visitors; its places of historic interest, its libraries and museums, its literary associations, its beautiful suburbs, its refreshing sea breezes, and the varied attractions of its harbor excursions bring thousands of pilgrims from all parts of the country. Students attending the Summer Session and desiring to study music will find abundant opportunity to secure such instruction in private or class work.

The Southern Session will be held under the auspices of the Summer School of the South, at Knoxville, Tenn. Pupils will have the advantage of connection with a finely equipped summer school devoted to instruction in language, literature, the sciences, and the arts. The location of the University, 1100 feet above the sea, in the broad valley of East Tennessee, surrounded by mountains, is unsurpassed for healthfulness and inspiring scenery. The University buildings stand in the beautiful Barbara park of forty acres, shaded and grass-covered, extending over the crest and sides of a high hill on the north bank of the Tennessee river, and commanding a magnificent view.

A California Session of vacation and study will be held at Nordhoff, in the lovely Ojai (O-hi) valley. The valley is a peerless tourist resort. The scenery is majestic and beautiful beyond description. The climate is ideal. The classes and recitals are all held out of doors, under the beautiful live-oaks surrounding the School home. Out-door sleeping, eating and study — in fact a complete outdoor life provided.¶ Tennis, horse back, week-end trips to the many mineral hot springs and over mountain trails of unusual grandeur.

For further information respecting the summer sessions, address the Dean.

Methods of Instruction

Class

WHILE in music and many other studies private teaching obtains the best results, in the study of oratory many years of experience have demonstrated that much better and more rapid results are obtained in class than in private instruction. Oratory is essentially a social matter, and can never be acquired in solitude.

All the drill work of the college is given in small classes, so that, notwithstanding the size of the institution, such is the number of its instructors and class-rooms, and such is the arrangement of its courses, that each student has the benefit of as much individual attention as could be afforded by a small school of inferior equipment, and, moreover, enjoys the advantage of work with the large staff of able specialists.

While Emerson College is the largest institution of its kind in the world, each pupil receives the instruction best fitted to meet his particular needs. The individual and not the class is the unit.

Written examinations and other tests of proficiency will be given in all subjects at the end of each year, and, in most departments, during each term.

Private

Each regular student who is a candidate for the Professional and Teachers' Diploma will receive, in addition to class instruction, fifty private and

individual lessons. These will be given at such times and upon such subjects as, on consultation with the Faculty Advisers, are found most largely helpful to the personal development of the student. This special and personal teaching is not extra, but is included in the tuition of the courses. Thus the students have all the advantages of both class and private instruction. No lesson lost through non-payment of the term tuition, absence, or failure to keep appointment will be made up.

Recitals*

RECITALS are held regularly every week during the entire course, the students of all classes reciting from their repertoire before their classmates. This work is in charge of the Faculty, and is designed to test the progress of the student in the regular class-work and to afford additional opportunities for platform practice. Members of the third and fourth year classes give their recitals before audiences of several hundred. In these public performances they gain confidence in themselves, and actual experience in appearing before and entertaining large gatherings.

Readers and Lecturers

GRADUATES are very prominent before the public as readers and lecturers. At least fifty, during the last season, have been given lead-

ing places in the companies under the management of the entertainment bureaus of this and other large cities.

Managers of Lyceums, concerts and lectures, may secure the services of lecturers and readers on application to the Dean. The constant demand for readers in the city and vicinity gives opportunities for practice to properly qualified students.

Teachers

EMERSON COLLEGE graduates are teaching in leading institutions in all parts of the United States and Canada, and a number even larger are engaged in successful and remunerative private work. During the past year many positions in high and normal schools, seminaries, academies and colleges have been filled by graduates of Emerson College.

The call for trained teachers in expressional English is increasing, and a most gratifying answer is thus made to the higher requirements for admission and the severer work required during the course.

Agencies and institutions desiring teachers will be put in communication with eligible candidates on application to the Dean.

College Activities

ONE of the strong influences of the college is the Young Women's Christian Association. The object of this Association is to develop Christian

character and to accomplish active Christian work. Devotional meetings are held on Friday at 2 p.m. each week at the college. Prominent pastors and other religious workers speak at these meetings; there is also an opportunity to hear good music. The Association gladly welcomes all new students and wishes to be of service to each.

The Southwick Literary Society, organized for the discussion of educational topics, the presentation of art recitals, and the promotion of helpful social relations, has had many years of useful existence. Through the efforts of this organization the College Library was established.

A Canadian Club, now entering upon the seventh year of its existence; a Southern Club, and several state and local organizations, serve to draw students of various localities into closer union.

The Emerson College Magazine

THE Emerson College Magazine is issued by the Magazine Association. Its general purpose is to raise the standard of instruction in oratory throughout the country by bringing it into line with the most approved pedagogical methods. It also aims to elevate the literary character of the reading-platform, so that recitals shall become recognized as a vital interpretation of our best English and American authors. It publishes contributions from teachers, authors, graduates and friends of the institution; criticisms of standard and current literature, especially that suitable for platform work; and news of interest in and about the college. Seven numbers are issued during each scholastic year.

Cost of Instruction

THE scholastic year is divided into two semesters of fifteen weeks each.

Cost of each semester of attendance	$75
Each semester of attendance during the Post-Graduate Course	50
Pupils on Saturdays only, during the year	40
Children's class, Saturday afternoons only, during the year	15
Evening School	15
Boston Summer School	25

*Matriculation fee, including subscription to the College Magazine and admission to general lectures, and to the annual course of evening recitals by leading platform artists	3

No member of the college may receive any private instruction unless his term bills have been paid. Lessons lost through delay in the payment of tuition, sickness or absence of the pupil will not be made up.

There are no fees but those mentioned in "Cost of Instruction." All books and stationery may be purchased at the college.

Tuition must be paid in advance. Students are not allowed to remain in classes when term bills are not paid promptly. No tuition will be refunded except in case of twelve months' sickness.

* Matriculation is required of all students, regular and special.

Cost of Living

A NUMBER of private houses have been secured and furnished as homes for the students. Although not under the business control of Emerson College they are ably supervised by directors in sympathy with the college. The object is to give the students the protection of a college dormitory, together with a home atmosphere and the service of a first-class boarding-house. Chaperones reside at each house, and, by special arrangement by parents, attendance upon young girls may be secured at any time. The social advantages of the college residences add much to the enjoyment of the students during their stay in Boston, and it is the effort of the management to make these residences as home-like as possible, and to bring the students and the college into closer touch.

Students who have had rooms assigned to them, may, if they desire, be met at the station and conducted directly to the college residences.

Special arrangements have been made with the Armstrong Transfer company to take charge of baggage and secure carriages for our students upon their arrival. Their agents may be found in all stations.

The chief annual expenses of an undergraduate student, not residing at home, will be about as follows: —

For tuition	$150
Room and board	$150 to 350
Textbooks, stationery, etc.	$15

THE Emerson College Alumni Association, formed in 1889, holds annual meetings, and has already laid the foundation of an endowment fund, secured the publication of the Magazine; and its members have in various ways helped to extend the influence of their Alma Mater.

Association meetings, with reception and banquet, are held in Boston each year in connection with the graduation exercises. The date for 1916 will be May 9.

Alumni meetings are held frequently at the college, and members of the association are invited to visit regular classes which may be in session before the hour of the meeting.

It is desired that information concerning past members of the college be sent to the Registrar of the Emerson College. Graduates and former students are requested to send him immediate notification of any change of address. A copy of the Annual Catalogue will be sent to any addresses furnished for this purpose.

CHARLES WINSLOW KIDDER, Registrar,
Emerson College of Oratory.

Alumni Clubs

LOCAL Alumni Clubs have been organized in various sections of the country to keep alumni and former students in closer touch with the College, and to promote its welfare.

Regular meetings are held by all these clubs, and all former students in the vicinity are urged to attend.

The members of these organizations may be applied to at any time for personal information concerning the College and its work. The addresses of two members of each organization are given to aid any who seek information concerning the Club or the College.

In order of formation the clubs are: —

1. *Emerson College Club of Hartford*
   Mrs. Claire Plummer Dresser, 276 Edgewood St., Hartford, Ct.
   Miss Bernice Loveland, Highland Court, Hartford, Ct.

2. *Emerson Club of Boston*
   Mrs. Gracia Bacon Moody, 17 Davis St., Arlington, Mass.
   Miss Hattie Belden Ward, 291 Tremont St., Newton Mass.
